Shanxi Evening News: [Kuaishou officially launched the "Happiness Lecture Hall Teacher Training Program" in Beijing, Promoting High-Quality Development of Various Industries with Digital Inclusive Power](#)

On April 25, Kuaishou Public Welfare inaugurated the "Happiness Lecture Hall Teacher Training Program." This initiative aims to cultivate 20 outstanding participants into professional instructors through systematic training in short video, live streaming, and AI enabled content creation and pedagogy. Through this program, Kuaishou aims to promote inclusive training in short-video and live-streaming technologies, create greater social value, and expand the talent pool of new-media instructors in key areas such as rural revitalization, elderly care, and vocational education. The launch of this program signifies an upgrade and a new phase for the "Happiness Lecture Hall" project.
