Xinhua News: [Kling AI Appears at the First Hong Kong International AI Art Festival, Discussing New Trends in AI Creation with Industry-Academia-Research Representatives.](#)

On the afternoon of December 19, 2025, during the first Hong Kong International AI Art Festival, the "AI Creation Global Ecosystem Forum" hosted by Kuaishou Kling AI was successfully held. With "Cross-Border Exploration of Technology, Art, and Film" at its core, the forum gathered top experts and cutting-edge creators from global art, academia, film industry, and AI technology fields. They engaged in in-depth dialogue around themes such as "AI Makes Creation Boundless," jointly outlining the future landscape of the creative industry empowered by AI.
