At the intersection of the 2026 International Women's Day and the spring farming season, Kuaishou's "Amazing Laoties" user documentary IP launched female documentary shorts on agriculture, rural areas, and farmers: "The People Who Plant Spring," "The Daughter of Majiawazi," and "Amei's Room." The shorts turn the lens toward three ordinary rural women, documenting how they grind the gravel of life into pearls, plowing out happy days on Kuaishou's digital fertile soil.
