

## **Kuaishou releases the White Paper on Innovation and Intellectual Property: R&D Investment in 2021 amounted to RMB15 billion**

2022.04.22

*Beijing Youth Daily*

On April 22, Kuaishou officially released the White Paper on Kuaishou Innovation and Intellectual Property at the [Forum on Audio and Video Innovation and Intellectual Property]. Yu Bing, senior vice president of Kuaishou Technology, said that Kuaishou has accumulated more than 7,000 domestic and foreign patents, covering video recommendation systems, infrastructure, audio and video processing, multimedia understanding, computer vision and graphics. Next, Kuaishou expects to share and communicate with the industry the relevant technologies and intellectual property rights to effectively overcome the bottlenecks of core technologies.
