Recently, Foxconn Technology Group has started live-streaming recruitment on Kuaishou to explore digital recruitment. The first live-streaming recruitment session was jointly hosted by the official accounts of "Foxconn", Kwai Recruitment and Kuaishou fans headline services with the theme of "Recruitment with Transparency and Love (陽光助力•用愛招募)". A total of 880 jobs were offered to help people with disabilities achieve stable career development. In the future, Foxconn will make full use of the advantages of the digital platforms such as Kuaishou and employ talents in innovative ways such as live-streaming job fair, short video recruitment and dedicated online recruitment session, to promote the development of new models of recruitment and help stabilize employment. Both parties will also take further steps in exploring the rural revitalization and promotion of digital economy.
