On August 20, on the occasion of the traditional Chinese Qixi Festival, a special group wedding was held at the Zhujiang Community Cafeteria on Tianshan Road, Qibin District, Hebi City. The three couples who participated in the group wedding were disabled individuals from Bingliang Self-strength Innovation Park. Dressed in Chinese traditional wedding outfits, they tied the knot in front of hundreds of relatives and friends and philanthropists. Capitalizing on the popularity of Kuaishou's short videos and live streaming, they have not only enjoyed opportunities for re-employment, but also found new possibilities in their lives.
