

“Online Life Guard Team”: Racing against the Grim Reaper on the internet

2023.09.12

China Youth Daily : [“Online Life Guard Team”: Racing against the Grim Reaper on the internet](#)

Currently, many internet platforms adopt an “AI + Human” approach, utilizing AI-based technologies to detect and identify risks involving self-harm or suicidal tendencies. Through human online intervention, these platforms are actively rescuing individuals with suicidal inclinations in an effort to reduce such behavior on the internet.
