Economic Information Daily : [Kuaishou Charity empowers rural development in various aspects](#)

With the rapid development of the digital economy, new medium such as short video and live streaming have become important platforms for enhancing professional skills, which have injected new vitality into rural economic development. Recently, Kuaishou Charity has launched "Happy Village School" in Nayong County, Guizhou Province, to provide internet vocational skills training, create shared live broadcast rooms, and effectively support the development of local talents.
