

Yang Yuanxi of Kuaishou: Making the benefits of technological advancement accessible to everyone

2023.11.10

Beijing Youth Daily : [Yang Yuanxi of Kuaishou: Making the benefits of technological advancement accessible to everyone](#)

On November 9, during the Internet Entrepreneurs Forum of 2023 World Internet Conference Wuzhen Summit, Yang Yuanxi, co-founder of Kuaishou, along with other internet entrepreneurs, engaged in in-depth discussions centered on "Innovation-driven Strategy Leading High-quality Development". Yang Yuanxi elaborated on how Kuaishou leverages innovation to provide more efficient and comprehensive services for users, creators and businesses. By integrating digital and real-world elements, the platform contributes to social value in areas such as employment and rural revitalization, ensuring that the benefits of technological advancement are accessible to everyone.
